

INTERNATIONAL VAJRASATTVA RETREAT 2014

Led by
Kyabje Tsikey Chokling Rinpoche

Organised by Chokgyur Lingpa Foundation In conjunction with Rangjung Yeshe Malaysia
June 13 -16, 2014 at Por Yer Ngam (般若岩), Persiaran Pinggir Rapat 5
Rapat Setia, 31350 Ipoh, Perak, Malaysia

On one of the most auspicious days of Saga Dawa 13 June 2014 (Tibetan Wesak Day), we are extremely honored and humbled that the **4th Kyabje Tsikey Chokling Rinpoche** has compassionately agreed to lead us, for the first time, in a four-day Vajrasattva retreat at the very blessed site of Gunong Rapat Cave in Ipoh, Perak.

Kyabje Chokling Mingyur Dewey Dorje Rinpoche is the second son of the late and highly respected Dzogchen master, Kyabje Tulku Urgyen Rinpoche, and is the fourth reincarnation of the famous King of Treasure Revealers Chokgyur Dechen Zhikpo Lingpa (1829-70). Chokgyur Lingpa was one of the chief discoverers of Guru Padmasambhava's hidden Dharma treasures, who revealed the 39-volume *Profound Revealed Treasures of Chokgyur Lingpa* cycle of Vajrayana practices and direct instructions now widely practiced by the Nyingma and Kagyu schools. The current Tsikey Chokling Rinpoche was recognized and enthroned by the late 16th Gyalwang Karmapa Rangjung Rigpey Dorje and trained with many of the foremost masters of the Kagyu and Nyingma schools such as His Holiness the 16th Karmapa, Venerable Thrangu Rinpoche, Venerable Tenga Rinpoche, H.E. Kalu Rinpoche, Kyabje Dudjom Rinpoche, Kyabje Dilgo Khyentse Rinpoche, and his own father, Kyabje Tulku Urgyen Rinpoche.

The *Vajrasattva of a Single Form* practice that will be extensively taught and intensively practiced during this retreat is renowned as one of the *Three Secret Bindu Cycles of Vajrasattva*, Vajrakilaya, and Heruka and is from the *Profound Revealed Treasures of Chokgyur Lingpa*. Vajrasattva, as lord of the mandala, is the embodiment of the wisdom of all of the Buddhas and is the most eminent skillful means to purify all of our negativities and obstacles, fulfill all of our wishes, complete the two accumulations, actualize the two-fold realization, and accomplish the two-fold benefit. Because its short lineage has remained unbroken and untainted to this day, the lineage of Chokgyur Lingpa's profound treasure is very timely for our 21st century and still has the full potency of the blessings of Padmasambhava while being suffused with the dakinis' warm breath.

For all of these reasons, we warmly invite all dharma brothers and sisters to join us in excitedly and happily welcoming Chokling Rinpoche to turn the sacred wheel of dharma at the Gunung Rapat Cave.
